DETAILED ACTION

Allowable Subject Matter

Claims 5 - 13 allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not show a music apparatus accommodated for multiple users to play music in an ensemble comprising plural performance operators manually operated by plural users, a storage medium for storing a tune constructed by a plurality of parts respectively corresponding to a plurality of tone colors, assigning tone colors to plural operators, and a tone generator to play a manual performance using each of the tone colors assigned to the performance operator. The Examiner notes that some prior art may show plural performance "operators" but none show storing a tune and assigning tone color parts of the tune (e.g., a bass, drum, guitar) to each of plural performance operators.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
